1. Frédéric Sorrieu ki Print (1848)

1848 mein France ke artist **Frédéric Sorrieu** ne 4 prints ki ek series banayi jisme unhone apna dream visual depict kiya — *"Democratic and Social Republics"* ki duniya.

- **Fig. 1 Analysis (*The Dream of Worldwide Democratic and Social Republics*)**:
    - **Procession (Julool)**: Europe aur America ke har age aur class ke men aur women ek long train mein march kar rahe hain aur **Statue of Liberty** ko respect de rahe hain.
    - **Statue of Liberty ke Haath Mein**:
        1. Ek haath mein **Torch of Enlightenment** (Gyan ki mashaal).

    - **Ground par kya hai?**: Foreground mein **Absolutist institutions** (Ekkachhatra shasan / Rajshahi) ke toot-phoot aaveshesh (shattered remains) bikhre huye hain.
    - **Nations ki pehchan**: Log apne national flags aur traditional dresses se pehchane jaate hain.

    - **March ki lead**: **United States** aur **Switzerland** sabse aage hain (kyunki yeh tab tak pehle se Nation-States ban chuke the). Inke peeche **France** (Revolutionary Tricolour ke saath), phir **Germany** (Black, Red, Gold flag).
    - **Germany Flag Note**: Jab Sorrieu ne yeh painting banayi (1848), tab tak Germany unified nation nahi bana tha; yeh flag unki liberal hopes ka symbol tha.
    - **Anya Desh**: Germany ke peeche Austria, Kingdom of Two Sicilies, Lombardy, Poland, England, Ireland, Hungary aur Russia ke log hain.

- **Renan ka view**:

- Nation sirf ek common language, race, religion ya territory se nahi banta.
- Nation ek lambe past ke sacrifices, devotion aur endeavors ka result hota hai. Past mein shared glory aur present mein common will hona zaroori hai.
- **Plebiscite**: Ek direct vote jiske dwara kisi region ke sabhi logon se kisi proposal ko accept ya reject karne ko kaha jata hai. Renan ke mutabiq, nation ka existence ek daily plebiscite hai.

Section 1: The French Revolution and the Idea of the Nation

Nationalism ki pehli clear expression **1789 ki French Revolution** ke saath aayi.

[1789: Monarchical Sovereignty] ---> (French Revolution) ---> [Power transferred to French Citizens]

Collective Identity Banane Ke Upay (Measures taken by Revolutionaries)

French revolutionaries ne aisi chijein ki jisse logon mein ek-doosre ke prati **Collective Identity** (s सामूहिक pehchan) paida ho:

1. **La Patrie & Le Citoyen**: *La patrie* (Fatherland) aur *Le citoyen* (Citizen) ke ideas ne ek united community ka concept diya jise constitution ke under equal rights milein.

Section 2: The Making of Nationalism in Europe

Mid-18th century Europe mein koi **Nation-States** nahi the. Germany, Italy, Switzerland alag-alag kingdoms, duchies aur cantons mein bate huye the jahan autonomous rulers ka raaj tha.

Habsburg Empire (Example of Diversity)

Austria-Hungary par raaj karne wala Habsburg Empire alag-alag regions aur ethnic groups ka ek patchwork tha:

- *In sabko aapas mein jodne wali akelii cheez thi — Emperor ke prati unka common loyalty.*

2.1 The Aristocracy and the New Middle Class

[Social Structure in Europe]

/ \

Landed Aristocracy Peasantry (Majority)

(Small, Powerful, (West: Small tenants;

French-speaking) East: Serfs on huge estates)

- **Landed Aristocracy**:
    - Socially aur politically Europe ki dominant class thi.
    - Regional divisions ke bawajood inka lifestyle common tha. Countryside mein estates aur town-houses inke paas the.
    - High society aur diplomacy ke liye **French** bolte the.
    - Inke families aapas mein marriage alliances se jude the. Lekin numerical strength mein yeh bohot chota group the.
- **Emergence of Middle Class**:
    - Industrialisation England mein 18th century ke second half mein shuru hua, lekin France aur German states mein yeh 19th century mein aaya.
    - Isse commercial classes aur towns ka growth hua.
    - Ek naya social group bana: **Working-class** aur **Middle-class** (Industrialists, Businessmen, Professionals).
    - Aristocratic privileges ko khatam karne aur National Unity ke ideas ko popular banane mein is educated liberal middle class ka sabse bada haath tha.

2.2 What did Liberal Nationalism Stand for?

'Liberalism' word Latin root **liber** se bana hai, jiska matlab hota hai **Free**.

[LIBERALISM]

/ \

Political Economic

- Individual freedom - Free markets
- Equality before law - Removal of restrictions

- Govt. by consent on goods & capital
- End of autocracy - Zollverein (Customs Union)

1. Political Sphere mein Liberalism

:

- Individual freedom aur law ke samne equality.
- Government by consent (Insaan ki marzi se sarkar).

Suffrage (Right to Vote) ka Sach: Equality before law ka matlab universal suffrage nahi tha!

- Jacobins ke time par kuch waqt ke liye sabhi adult males ko vote milne laga tha.
- Napoleonic Code ne wapas limited suffrage kar diya aur women ko **minor** ka status diya (jo apne father ya husband ke under thi).

2. Economic Sphere mein Liberalism

:

- Markets ki azaadi aur state ke dwara lagaye gaye restrictions ko hatana.
- **German Regions ka Example**: Napoleon ne 39 states ka ek confederation banaya tha. Har state ki apni currency aur weights/measures the.

- 1833 mein Hamburg se Nuremberg jaakar samaan bechne waale merchant ko **11 customs barriers** se gujarna padta tha aur har jagah 5% customs duty deni padti thi.
- Textile kapda naapne ki unit **elle** thi. Frankfurt mein 1 elle = 54.7 cm, Mainz mein = 55.1 cm, Nuremberg mein = 65.6 cm, Freiburg mein = 53.5 cm. Isse calculation mein bohot time waste hota tha.

Zollverein (1834 Customs Union)

- Is issue ko solve karne ke liye 1834 mein **Prussia** ki initiative par ek customs union bana jise **Zollverein** kaha gaya.

- **Conservatism ka belief**: Traditional institutions jaise Monarchy, Church, Social hierarchies, Property aur Family ko preserve karke rakhna chahiye.
- **Modern Conservatism**: Conservatives purane zamaane mein bilkul wapas nahi jana chahte the. Unhone samajh liya

tha ki Napoleon ke modernisation se traditional monarchy aur zyada strong aur effective ban sakti hai (Modern army, efficient bureaucracy, feudalism ka ant).

1815 Treaty of Vienna

Host: Duke Metternich (Austrian Chancellor)

Powers Involved: Britain, Russia, Prussia, Austria (Defeated Napoleon)

Treaty of Vienna (1815) ke Key Changes

:

1. **Bourbon Dynasty Restored**: France mein Bourbon dynasty ko wapas power mein laya gaya.
2. **French Territorial Expansion Stopped**: France ke borders par states ki chain banayi gayi taaki wo future mein expand na kar sake:
    - North mein **Kingdom of Netherlands** (jisne Belgium include tha) setup hua.
    - South mein **Piedmont** ko Genoa de diya gaya.
    - Western frontiers par **Prussia** ko nayi important territories mili.

    1. **Young Italy** (Marseilles mein)
    2. **Young Europe** (Berne mein)
- **Ideology**: Mazzini ka manna tha ki God ne Nations ko mankind ki natural unit banaya hai. Italy chote-chote states ka patchwork nahi reh sakta, use ek unified republic banna hoga.
- **Metternich's Statement**: Metternich ne Mazzini ko **"the most dangerous enemy of our social order"** kaha.

- **Poland ka Example (Culture & Language as Resistance)**:
    - Poland ko 18th century ke end mein Great Powers (Russia, Prussia, Austria) ne baant (partition) diya tha.
    - Poland independent territory nahi raha, fir bhi **Music** aur **Language** se national feelings ko zinda rakha gaya.
    - **Karol Kurpinski**: Unhone apne operas aur music ke zariye national struggle ko celebrate kiya, aur folk dances jaise **Polonaise** aur **Mazurka** ko nationalist symbols mein badal diya.
    - **Language as Weapon**: Russian occupation ke baad Polish language ko hatakar Russian impose ki gayi. 1831 ke failed rebellion ke baad Church gatherings mein priests ne Polish bhasha ko resistance ki tarah use kiya. Result? Priests aur Bishops ko jail ya **Siberia** bhej diya gaya.

Box 1: The Grimm Brothers (Folktales) Jacob aur Wilhelm Grimm (Hanau mein paida huye) ne gaon-gaon ghoomkar old folktales collect karke publish kiye (*Grimms' Fairy Tales*). Unka manna tha ki French domination ka samna karne ke liye German folktales aur language national identity ko bachane ka tarika hain.

Women's Role & Rights Debate

- Women ne movement mein active part liya (political associations banayi, newspapers chalaye).
- Iske bawajood Frankfurt Parliament elections mein unhe vote nahi milne diya gaya. Unhe Church of St Paul ki visitors' gallery mein bas **observers** ki tarah khada hona pada.

Ideological Conflict on Women Rights (Source C):

- **Carl Welcker (Liberal Politician)**: Nature ne men ko strong/protector/public tasks ke liye banaya hai aur women ko weak/dependent/home-care ke liye. Equal rights dene se family ki dignity khatam ho jayegi.
